

7 REASONS TO RETURN TO HIM NOW

Amenominakanushi is Japan's Creator God

He made the Japanese people. He made you.

“When heaven and earth first appeared, the names of the spirits who came about in the high plains of heaven are these: First was the spirit Ame-no-mi-naka-nushi, the The Great Glorious Center of Heaven. Next was the spirit Takami-musu-hi. Next was the spirit Kami-musu-hi. All three spirits were single and concealed themselves.” ...

“Now the spirits of heaven all commanded Izanagi and Izanami with mighty words, proclaiming: “Make firm this drifting land and fashion it in its final form!” Kojiki, Book One

1

Amenominakanushi's Word spoke and commanded Japan and the Japanese people into existence. He is the Creator. As the Great Glorious Center of Heaven, He is love and still loves Japan and you.

Izanami Fell to Impurity and Shame

After creating the islands of Japan, animals, and people, the Kojiki tells of Izanami's fall away from Amenominakanushi into the impurity of the underworld. Izanagi descends and finds her, but it's too late. Izanami said, "If only you had come sooner, I have already eaten at the hearth of the land of the underworld. In the meantime, do not look at me!" ...squirming maggots slithering in and out of her body... impure thunder throughout her body... Izanagi said, "How foul it is, this foul and filthy land I have been to! I should bathe to cleanse my mighty body." Kojiki, Book One

The fall to impurity brought shame for the first time. Since then, the Japanese have feared shame. But Amenominakanushi gave the Japanese a unique culture to provide stability while He prepared The Path back to His truth and life.

Japan's Culture Preserved Amenominakanushi's Values

The Japanese people were given many gifts of culture and wisdom. The values of Giri, Wa, Accepting One's Place and Purity were all given to the Japanese people to preserve. Amenominakanushi gave these values to every other nation as well, but today, Japan stands unique in kokutai: no other culture in the world has such respect for His values. Yet, the cost of upholding His values by physical and mental strength alone is evident in today's Japan. It is time for divine help from the only One who can supply light that shines into the darkness, wash away impurity, and deliver joy.

3

Amenominakanushi has heard the cry of the Japanese people looking for relief. Suicide, depression, apathy, purposelessness, temptations to conform to the west, pressure to be perfect, the constant threat of shame. Your Creator is extending His hand of supernatural help.

Amenominakanushi Wants Japan To Stay Japanese *and* Return to Him and Accept His Supernatural Help

Amenominakanushi revealed Himself to every nation and people in a unique way that would demonstrate that He is their God. He encourages everyone to keep the cultural blessings He gave them *and* return to Him so He can help each person find supernatural joy and protection from evil spirits. Shin Butsu provides great cultural traditions, but only the Creator's divine spiritual power will help the Japanese find daily joy.

4

Amenominakanushi wants His children to return to Him, directly. Every father loves his children, and desires to be loved back. The Japanese have held dear the Father's gifts, but neglected to love the gift giver, their Creator. He provides a narrow path which leads back to Him, the life-giving truth, that sets the people free.

Your Creator Offers One Path of Powerful Joy & Peace.

Just as Amenominakanushi's Word spoke the Japanese into existence, at the right time and place His Word manifested Himself in the flesh, Jesus, to remind the world to uphold His values of Giri, Wa, Accepting One's Place and Purity. If anyone believes in Jesus as the Word, He offers a supernaturally changed heart with the power to live joyfully in Giri, Wa, Accepting One's Place and Purity. Jesus offers the power to break the bond of shame, break the curses from evil spirits and live in the favor of the all-powerful and comforting presence of the Holy Spirit.

5

Amenominakanushi's revelations are countless. But the revelation of Himself, Jesus, has been mostly overlooked by the Japanese people. It is time for Japanese Christianity in Japan, bringing freedom, joy, a renewed mind, and a rebirthed spirit. Giri and Wa, not only out of duty, but originating from Him and flowing through you to others.

Your Path and Your Relationship Are Private

Jesus said He is the only one to have descended from the Father, the only one to know the Father, and that He and the Father are one. His path leads directly back to Amennominakanushi. Taking Jesus' path isn't a one-time event, a public declaration, or a leap of faith. Faith happens over time, as you privately listen. There are no shortcuts to building a relationship. He says that faith comes by hearing, and hearing by the Word of Christ. The Word of Christ is the Bible and the power of God to purify, washing you clean every time you read.

6

Some Japanese are concerned that becoming a follower of Jesus means giving up friends & family, disrupting Wa. Jesus taught the opposite. He wants you to remain Japanese! And to maintain Wa! He gave you those values *and* wants you to live joyously in them.

You are close to magnificent spiritual transformation. Pursue faith in Him and Jesus promises joy amidst even the worst circumstances in your life. Our Japanese background means we come to know Jesus better than nearly any culture today! You are on the precipice of extraordinary faith!

Jesus doesn't want you to join a cult or a religion, He wants to have a one-on-one relationship. You will not stick out and be hammered down, because you will pursue faith privately; your faith is yours, deep in your honne. Relationships take effort, but He promises that if you take steps to get closer to Him, He will take steps to get closer to you. It's your move.
