Amenominakanushi is Japan's Creator God

He made the Japanese people. He made you.

“When heaven and earth first appeared, the names of the spirits who came about in the high plains of heaven are these: First was the spirit Ame-no-mi-naka-nushi, The Great Glorious Center of Heaven. Next was the spirit Takami-musu-hi. Next was the spirit Kami-musu-hi. All three spirits were single and concealed themselves.” Kojiki, Book One

God has heard the cry of our people looking for relief. Depression, apathy, purposelessness, temptations to conform to the west, pressure to be perfect, the constant threat of shame, and suicide. Our Creator is extending His hand of supernatural help. God wants His children to return to Him, directly. Every father loves his children, and desires to be loved back. The Japanese have held the Father's values of Giri, Wa, Knowing One's Place, and Purity, but we forgot about Him. Away from His powerful love, we have been suffering in despair for centuries. He offers a path which leads back to Him, the life-giving truth, that sets people free.

If you want to slay the Shame/Perfection dragons in your life

it's time to open your heart and mind to find the wisdom of our ancestors

The weight of shame and perfection is only relieved by the One who created you. Japan's Creator, revealed in our ancestor's writings, is waiting for you to pursue Him and His love for you. Although He knows when we need help, He waits until we want a relationship with Him. It's always our choice to move toward Him or away from Him.
